## TWENTY-SIXTH ANNUAL REPORT OF THE TEACHERS' RETIREMENT BOARD

Under the provisions of the retirement law the Commissioner of Education is, ex officio, a member of the Teachers' Retirement Board. In January, 1939, Mr. Walter F. Downey was appointed Commissioner of Education, thereby becoming a member of the Teachers' Retirement Board and succeeding Dr. James G. Reardon.

The rate of assessment for the school year beginning July 1, 1939, was fixed at 5% of the annual salary of each member, subject to the provision of the law which requires that the minimum annual assessment shall be \$35 and the maximum annual assessment \$130. Notice has been given by the Board of its intention to continue this rate for the school year beginning July 1, 1940.

In accordance with the provisions of the retirement law, 921 teachers who entered the service for the first time were enrolled as members of the Retirement Association. There were also 107 teachers who served in the public schools of Massachusetts prior to July 1, 1914 who joined the Association by paying their back assessments with interest. On December 31, 1939, there were 20,817 active members, of whom 3,395 were teachers who served in Massachusetts prior to July 1, 1914, and voluntarily joined the Retirement Association and 17,422 were teachers who entered the service of this State for the first time since that date and were required to join.

Interest at the rate of  $3\frac{1}{2}\%$  was credited to the accounts of the members on December 31, 1939. The total interest credited for the year to the members' accounts and the annuity reserve fund amounted to \$1,133,825.22.

The total deposits for the year amounted to \$2,289,974.19. Payments amounting to \$518,085.61 were made on account of members who left the service of the public schools of Massachusetts. Of this amount, \$415,970.44 was contributions and the balance, \$102,115.17, was interest. Payments for the year amounting to \$230,204.76 were made to the estates of deceased members.

The income over disbursements amounted to \$2,302,790.72. On December 31, 1939 the gross assets were \$35,589,494.87 and the total liabilities amounted to \$34,612,509.05, leaving a surplus of \$976,985.82.

Two hundred twenty-eight teachers retired during the year 1939, their annual retiring allowances amounting to \$235,011.60. Of this amount \$77,731.28 was annuity derived from the contributions made by these members before retirement and the balance was pension paid from State appropriations. The retirements for the year were as follows: On account of disability before attaining the age of sixty, 10; voluntary retirements, ages sixty to sixty-nine, 142; compulsory retirements at age seventy, 76.

Sixty teachers who retired during the year made payments for the purchase of an additional annuity; 22 of these teachers paying an amount equal to the total of their regular contributions with interest, which is the maximum amount permitted by law. The total payments for the purchase of an additional annuity amounted to \$129,757.44 and the additional annuities purchased amounted to \$12,270.92. The largest payment was \$4,314.64, which purchased an annuity of \$574.48.

The following table gives statistics relating to the 228 members retired in 1939:

Retirements	Number of Retirements	Average Age at Retirement	Average Length of Service	Average Salary Last 5 Years	Average Annuity	Average Pension	Average Retiring Allowance
Before age 60 on account of disability	10	55.70	29.69	\$1,810.10	\$220.05	\$475.93	\$695.98
At age 60 or over, without credit for prior service*	15	64.67	17.17	1,816.96	253.59	247.37	500.96
At age 60 or over, with credit for prior service*	203	66.38	40.69	2,029.87	353.33	733.06	1,086.39

\*Teachers who served in Massachusetts prior to July 1, 1914, who have at the time of retirement 15 years of service in this State, the last 5 of which are continuous, receive a pension from the State based on their total service in Massachusetts.

Of the 203 teachers retired during the year at the age of sixty or over with credit allowance for service prior to July 1, 1914, 135 received the maximum pension payable under the retirement law. Eleven of these 203 teachers had served in the public schools of Massachusetts for fifty years or more.

On December 31, 1939, there were 2,095 retired members living who retired at the age of sixty or over and the average retiring allowance for these members was \$866.01. There were 117 retired members living who were retired on account of disability before age sixty. The average retiring allowance for these members was \$456.78. There were, therefore, 2,212 retired members living on December 31, 1939, their retiring allowances amounting to \$1,867,744.04, of which \$1,409,525.96 is pension paid from State appropriations and \$458,218.08 is annuity.

There are 1,758 members of the Retirement Association who during 1940 will be eligible to retire at the age of sixty or over, 55 of whom will be required to retire at the compulsory age of seventy.

Respectfully submitted,

WALTER F. DOWNEY, *Chairman*  
HARRY SMALLEY  
ELIZABETH F. WASSUM

STATEMENT FOR THE YEAR ENDING DECEMBER 31, 1939, MADE TO THE  
COMMISSIONER OF INSURANCE BY THE SECRETARY OF THE  
TEACHERS' RETIREMENT BOARD.
